EDUCATION

- **Guru Jambheshwar University of Science and Technology, Hisar, Haryana**   **CGPA: 6.6**
  B.Tech (Computer Science and Engineering), 2025
  Courses: Data Structures(DSA), Operating Systems, DBMS, OOPs,C#

PROJECTS

Landing Page of Website:
Created a responsive and visually appealing landing page using HTML and Tailwind CSS, optimizing performance and ensuring cross-browser compatibility. Documented the development process for seamless future maintenance.

To-Do App Development:
Developed a basic To-Do application using HTML, Tailwind CSS, and JavaScript, providing users with an intuitive interface to manage tasks efficiently. Implemented features such as task creation, editing, deletion,and marking tasks as completed. Utilized Tailwind CSS for a clean and responsive design, ensuring compatibility across various devices. Enhanced user experience through dynamic interactions and real-time updates using JavaScript.

TECHNICAL SKILLS

- **Languages**: C/C++(Proficient),Java, Javascript
- **Web Development** : HTML, CSS,JavaScript,Tailwind,React
- **Database**: Mysql
- **Developer Tools**: VS Code, Git, Github
-

HONORS AND AWARDS

- **Leetcode**- Addressed 15 0+ questions on leetcode
- **Code Studio**- Tackled 316 question and gained Level 7 (expert) on code studion with 9000 experience.
- **Certificates-** Awarded Certificate Of Excellence by **coding ninjas** in C++ and Data Structure and Algorithms(DSA).
